TERMS OF SERVICE

PLEASE READ IN FULL

Once your order arrives at the lab you will receive an email containing a link to payment. The estimated turn-around time for your order will also be stated, and your order will be delivered on this date only once payment has been made. E-6 is processed once a week on Tuesdays and cannot be rushed. All other film in an order with E-6 will be sent off within the stated turn-around period, with E-6 delivered once it has been processed. If you pay later than the due date, you can expect your files within 24-48h of making your payment. Rush orders are only available Monday to Friday. If an order is 'rushed', this means it will be completed within 24h of arriving at the lab.

Negatives can be stored at our facility for a maximum of 1 year from the date of processing. While stored with us negatives will be available for collection free of charge. After 1 year we will have to dispose of the negatives due to space and logistical constraints. Every time we do a disposal, we will do our best to do an announcement via social channels to let people know the end of the period is coming. If we do not hear back, we reserve the right to no longer archive your negatives and will move them off site to be destroyed. The Black and White Box does not accept responsibility in the unlikely event that negatives should be lost, damaged or stolen while in our care.

By using our services you acknowledge and agree to all of our terms and conditions. More info can be found at www.theblackandwhitebox.co.nz/terms. Thanks for choosing TB&WB!
